Congratulations, MPC Graduates!

You’ve worked hard to reach your goals, and your teachers have worked hard to help you get there. We have a vision for MPC’s future:

- Increased staffing for the Library, Reading Center, Math Learning Center, tutoring, and other learning services.
- Support for part-time faculty to spend more time with students.
- Placing students and learning at the top of our spending priorities.
- Salary increases for the first time in 10 years to ensure the teacher from your intro class will still be here when you graduate.

We hope you share our vision. Help us keep MPC on track toward a brighter future for students and teachers.

Sadly, MPC’s Board of Trustees and the college administration have started to enact a change of direction for MPC:

- Spending Student Equity Funds to hire new deans and Vice Presidents instead of putting students first.
- Restructuring the campus so faculty have less to say about how programs and classes are run.
- Cutting back the Access Resource Center, the Study Skills Center, and other student-focused programs.
- Refusing to replace teachers, librarians, learning support faculty, and staff who’ve left MPC.

Join us at the MPC Board of Trustees meeting on May 31st at 1:30pm
Marina Education Center, MA-501
Let them know about your vision for the future of MPC.
We’ll be there, too, with refreshments and more information.
